

How to Determine Your GPA at MHS

Begin by finding the current courses and course scores. If the course is weighted the weight will be applied to your course score, that will create the **Overall Course Score**. These overall course scores will be combined to create the semester weighted GPA.

Course Title	Course Score	Weight Applied	Overall Course Score
Course #1	3.5	0	3.5
Course #2	3	0	3
Course #3 (Advanced Placement)	3.75	10%	4.125
Course #4 (Accelerated)	4	5%	4.2
Semester GPA			3.706

*Scores of P and NG do not calculate into the GPA.

If the student takes Advanced Placement, CTE or dual enrollment courses a **conversion chart** will be used to determine the Proficiency Score (1-4) prior to any weight being applied.

Course Title	Raw Score	Course Score Conversion	Weight Applied	Overall Course Score
Course #5 (Advanced Placement)	92	3.75	10%	4.125
Course #6 (CTE)	92	3.75	0	3.75
Course #7 (Dual Enrollment)	90	3.5	10%	3.85
Semester GPA				3.908

*It is important to note that the conversion chart is only used in one direction. → It does not work in the reverse.

Academic recognition will be based off the semester GPAs.

Academic recognition is as follows:

3.2-3.39	Cum Laude
3.4-3.59	Magna Cum Laude
3.6-4.0+	Summa Cum Laude
